HOLDING ON TO ONE MASTER

It has been very interesting to watch Corporate America rise on the Crest of The Wave of The Almighty Dollar. The World seemed to rise with it, so sure of its Power. So Sure of Our Dollar in The Global Economy, Our Bankers and Corporate Financiers Took Great Risks, Climbing higher and higher. Interest Rates skyrocketed, Housing Prices Soared, the mid-

dle men became wealthier. No one knew at their point of Success, that What Went Up, Would Also Come Tumbling, ...and tumblingDown.

JESUS CHRIST, THE VERY SON OF GOD, HAD THIS TO SAY ABOUT ANY WHO WOULD SERVE WEALTH, RICHES, MAMMON: **Matthew 6:24**

No man can Serve two masters: for either he will hate the one, and love the other; or else he

will Hold to the one, and despise the other. Ye cannot * Serve GOD and mammon.

Just so we did not forget this **Truth**, It is Repeated also in the Gospel of Luke 16:13: **No Servant can Serve two masters: for either he will hate the one, and love the other; or else he will hold to the one, and despise the other. Ye cannot * SERVE GOD and mammon. (—Verses from - The Bible Collection Suite).**

Read all of Luke Chapter 16. It is all about Wise Stewardship of Other Peoples Wealth!

WISE STEWARDSHIP, AND ACCOUNTABILITY:

Now we will Contrast modern irresponsibility with Accountable Stewardship of the Wealth of Others that **JESUS Christ Spoke This Parable About**: Luke 16:1. And He said also unto His disciples, There was a certain rich man, which had a Steward; and the same was accused unto him that he had wasted his goods. And He called him, and said unto him, **How is it that I hear this of thee? give an account of**

thy Stewardship; for thou mayest be no longer Steward. Then the Steward said within himself, What shall I do? for my Lord taketh away from me The Stewardship: I cannot * dig; and to beg I am ashamed.

Now in Corporate America, 2008, this would not be such a Challenge for A CEO Who Failed with Other Peoples Money. 'The Board of Trustees' would most likely resign

him with a Lump Sum of Wealth, and a huge Retirement Package.

The Poor Investors would be Expected to PAY, with the Loss of Their Investments! And they would be the one digging and begging. —Is that Right? Not by **JESUS Christ's** Standards of Accountability.
